PROFESSIONAL SUMMARY

Curious and detail-oriented Data Scientist and Data Engineer with over one year of hands-on experience in machine learning, data engineering and business intelligence. Proven track record of building scalable data pipelines, deploying machine learning models, and delivering data-driven insights that improve operational efficiency. Passionate about leveraging advanced technologies to optimise operations, and drive innovation. Recognised for improving operational efficiency and enabling performance growth through data-driven recommendations. Committed to continuous learning and staying up to date with the latest industry trends and emerging technologies.

TECHNICAL SKILLS

Programming & Analytics

- Python
- Data Mining & Management
- SAS

Databases & Data management

- DBeaver
- SQL (MySQL, PostgreSQL, SSMS)

Cloud & BI tools

- AWS, Azure Cloud Services
- Microsoft Power BI

Data Engineering & Big Data

- Apache Spark, Kafka
- Docker, Docker Compose
- ETL Pipeline Design & Implementation
- Data Integration & Data Orchestration
- Microsoft Fabric, Power Automate
- Linux, WinSCP

Machine Learning & AI

- Model Development & Training
- Classification, Regression, Clustering
- Predictive Modeling & Time Series Analysis
- Experimental Design (A/B Testing, Hypothesis Testing)
- NLP, LLMs, Transformers

PROFESSIONAL EXPERIENCE

Data BI & Analytics Graduate - MTN Group Fintech

MoMo from MTN | December 2025 - Present

- Build and maintain data pipelines and automation workflows enabling seamless data flow from Opcos to fabric environment for data transformation, analysis and reporting, reducing manual data processing by 100%.
- Design and maintain interactive KPI dashboards for MoMo services, implementing data quality checks and validation rules that improve data reliability by 95% and enable real-time performance monitoring.
- Automate secure SFTP file transfers using WinSCP, enabling reliable and auditable ingestion of 100+ files daily into the Microsoft Fabric environment while reducing manual processing time by 100%.
- Leverage DBeaver as a universal database client to connect to and query multiple heterogeneous data sources across Opco environments, supporting efficient data extraction and reporting.
- Collaborate cross-functionally with team members to deliver data-driven recommendations, resulting in a 30% increase in operational efficiency.

Data Scientist Intern

Mintek | March 2025 - November 2025

- Developed and deployed machine learning models to optimize organizational operations, achieving up to 20% improvement through A/B testing and algorithm fine-tuning.
- Designed and maintained interactive KPI dashboards, including research outputs, HR metrics, divisional performance, and other key areas to support real-time tracking and performance monitoring, reducing manual reporting time by 40%.
- Executed ETL processes to integrate data from diverse sources (SharePoint, databases, Excel), improving data consistency by 95%.
- Leveraged SQL to extract, transform, and analyze large datasets, optimizing query performance and ensuring 99% data accuracy.
- Translated complex data into impactful business insights, contributing to a 15% improvement in operational efficiency and enhanced strategic planning outcomes.
- Collaborated with cross-functional teams to deliver data-driven recommendations, resulting in a 20% increase in overall operational performance.

EDUCATION

Bachelor of Science Honours in Computer Science

University of Limpopo | February 2024 - December 2024

Bachelor of Science in Computer Science and Statistics

University of Limpopo | February 2020 - December 2023

Matric

Kgagatlou Secondary School | January 2015 - December 2019

PROFESSIONAL CERTIFICATIONS

IBM Professional Certificates

- Data Analyst Professional Certificate
- Data Science Professional Certificate
- Data Engineering Professional Certificate
- AWS Cloud Practioner Essentials

Udemy Certificates

- IFRS 9 ECL Model Development & Validation
- Credit Risk Modelling & Credit Scoring Using ML
- Basel Accords (II, III, V): Risk Management & Banking Regulations

SAS Certificate

- SAS Programming Essentials
